Bad Broad (Good Girl Gone Bad)

Chrome Division

I opened up and gave you everything It didn't mean much to you You were never satisfied I never knew what to do

Every feeling you ever gave me Was just a fake The only thing that you ever wanted Was to see me break

Oh how you love to watch me crawl Smile smile with the Devil Shame shame on you You ripped it out and ate it all Smile smile with the Devil You were never true

It never really bothered you That you left me in pain You kept on living hih and mighty When i was almost insane

And afer everything i've done for you This is how you repay me? How can you live with yourself? How can you look at yourself in the mirror? How can you even face the day? Bitch!
