

Unholy Roller

Chrome Division

I'll give you one more shot of my love, then I'm out of here
Cruisin' down the road myself, man I have no fear
Pickin' up a girl walkin' down the street
Gimme just a minute and you'll feel the heat
Drop what you do and grab my thing
Give it all you got and make it swing
I'm not satisfied with just huggin' and kissin'
Go for it girl, you don't know what you're missin'
There's no lie and I'll tell you why..
UNHOLY ROLLER THAT'S I AM!
- Drunk driver, drunk driver!
- Hell raiser, hell raiser!
- Cunt hunter, cunt hunter!
Raisin hell, you can find me in a bar or in the jail
I'll dive in the whiskey-river, when I got time to spare
I'll knock the bottle in your face, if you don't stop that star

The jukebox is playin' Motörhead
I love it and you don't... SHOVE IT!
