

You're Dead Now

Chrome Division

Feel my cold hands against your warm skin
See my dark dead eyes penetrate your mind
You better run and hide
My demons by my side
And don't you look at me
You'll never want to see

You're dead now
You're dead

Feast your eyes upon the eternal flame
Write your name on the wall of shame
You better worship me
I'm your deity
Are you losing your mind?
Well it belongs to me

How do you feel now that you are dead?
Waking up is not the same as it used to be
You can't touch them no more
Welcome to your final destination

I see where you're coming from my friend
You're better off just roaming through my land
Yesterday you were holding on
Today you should be glad
That you're not down here alone

How do you feel now that you are dead?
Waking up is not the same as it used to be
You can't touch them no more
Welcome to your final destination
