Bad Decision

Chromeo

Don't know what's happening
But this ain't what I'm about
It's only been a week
And I'm parked outside of your house
I ain't tryna creep
Just let me in and hear me out
'Cause it's about to go down, woo

I'm not thinking straight
Since I'm stuttering and slurring my speech
I could be your slave
You got me like a dog on a leash
I hate to contemplate
Your body makes me wanna believe
And I'm down on my knees

Take out all my money from the bank (From the bank)
Take you 'round the corner, buy a ring (Buy a ring)
You're all up in my head
But I ain't even mad
You make me wanna make a
Bad decision

Let's book a shopping trip
Maybe I could charter a jet
And I don't give a shit
If I never get outta debt
I say you'll be my girl
And I promise you I'll handle with care
What you doin' to me?

Take out all my money from the bank (From the bank)
Take you 'round the corner, buy a ring (Buy a ring)
You're all up in my head
But I ain't even mad
You make me wanna make a
Bad decision

I took you to the jeweler, told you "Pick a ring"
I took you to the dealer, told you "Pick a Range"
I took you to the parlor, spent a hundred dollars
On a tattoo of your name and your face
And when all of the cash out, credit card maxed
Buy myself a house, baby, you the realest date
See, I don't even stress for a sec
'Cause your lovin' is the best
If I just make a bad decision

Take out all my money from my bank (From my bank, girl)
Take you round the corner buy a ring (Buy a ring, girl)
You're all up in my head, but I ain't even mad (You make me)

I wanna make, make a bad decision (You got me)
Confessing like you're my new religion
(You make me, you make me) Woo
