I'm codependent
Coda, coda, coda
Codependent on you
Coda, coda, coda
And I won't be independent
Coda, coda, coda
Till I reach my quota with you
Coda, coda, coda

I'm codependent
Coda, coda, coda
Codependent on you
Coda, coda, coda
And I won't be independent
Coda, coda, coda
Till I reach my quota with you
Coda, coda, coda

Come gimme your hip
I wanna be attached
How am I supposed to get a grip, grip
When you're such a good catch?
You got brunch with your girls, I can tag along
Wanna run down to the store, can I chaperone?
Got a meeting at work, I can take notes
Jot down anecdotes
Yeah, girl, I'm doin' the most

I'm codependent
Coda, coda, coda
Codependent on you
Coda, coda, coda
And I won't be independent
Coda, coda, coda
Till I reach my quota with you
Coda, coda, coda

I'm codependent

Codependent on you
Coda, coda, coda
And I won't be independent
Coda, coda, coda
Till I reach my quota with you
Coda, coda, coda

Come gimme your hand
I want it in mine
I wanna be arm-and-arm, face-to-face
Cheek to cheek, do we see eye to eye?
'Cause I got codependency issues
And I only wanna be with you

How many years of therapy? A few
And I hope that I can see it through
You got pictures at your house, I can hang 'em up
Even if all my friends tell me, "Hang it up"
When you leave me on "Read". I feel left for dead
I know it's in my head, rather be in your bed

I'm codependent
Coda, coda, coda
Codependent on you
Coda, coda, coda
And I won't be independent
Coda, coda, coda
Till I reach my quota with you
Coda, coda, coda
