

# One Track Mind

Chromeo

I just got fixated on somebody  
When I say "somebody", I mean you  
This obsession's much more than a habit  
But I can't help myself and I can't help myself

I've been calling you from private numbers  
Just to hear your voice then I hang up  
So damn hot you're showin' up the summer  
But I can't help myself and I can't help myself

I got a one track mind  
And it's takin' up all my time  
I got a one track mind  
And it's all on you (It's all on you!)  
It's all on you (It's all on you!)

I got a one track mind  
And it's takin' up all my time  
I got a one track mind  
And it's all on you (It's all on you!)  
It's all on you (It's all on you!)

Feelin' myself when I think about you  
And don't believe your friends, I'm not a creep  
(Not a creep, I'm not a creep)  
The minute that they tell me I'm allowed to  
I'm gonna pick you up and I'm gonna take you out

I got a one track mind  
And it's takin' up all my time  
I got a one track mind  
And it's all on you (It's all on you!)  
It's all on you (It's all on you!)

I got a one track mind  
And it's takin' up all my time  
I got a one track mind  
And it's all on you (It's all on you!)  
It's all on you (It's all on you!)

You might think I'm crazy, but I'm crazy 'bout you  
(Baby, can you blame me if you [?] like you do)  
You might think I'm crazy, but I'm crazy 'bout you  
(Baby, can you blame me if you [?] like you do)

I've friends I'm understanding  
But they say I'm obsessed  
But I'm upset  
And I won't stand here for nothing less than your caress

And I won't rest  
And I won't sleep  
And I'm a mess  
And I won't eat  
(And when it all is said and done, I know that you're the only)

One track mind (One track mind; One track mind)  
And it's takin' up all my time (Takin' up my mind's eye, girl)  
I got a one track mind (Ooh)  
And it's all on you  
It's all on you

I got a one track mind  
(One track mind; Ooh, one track mind)  
And it's takin' up all my time  
(One track mind; Takin' up my mind's eye, girl)  
I got a one track mind  
(One track mind; Ooh, one track mind)  
And it's all on you (It's all on you!)  
It's all on you (It's all on you!)
