

Waiting For You

Chromeo

Oo oo oo ooh,
I'm waiting for you,
I'm waiting for you.

(I said)Oo oo oo ooh,
I'm waiting for you,
I'm waiting for you.

[Chorus]
I see you when the lights turn low.
I want you more than anyone knows.
These one of a kind
thoughts are goin through my mind
and you don't know anything about it.

It gives me such delight to watch you get in the mood,
and you don't know anything about it.
To treat you right, just right, to spend an evening with you.
And you don't know anything about it.

[Chorus]

Oo oo oo ooh,
I'm waiting for you,
I'm waiting for you.

(I said)Oo oo oo ooh,
I'm waiting for you,
I'm waiting for you.

[Chorus]

Looking out the window,
I cant help but stop and stare.
This fine young woman's
on the corner standing there
and hmm...

I start to wonder, hmm..
I wonder why.
Would things be really different
if I couldn't catch her eye.
Man

Maybe I managed to and act real cool,
but she turned around and played me like a fool, a fool?
See something in her allure makes me scared to even try.
Visibly she's into another guy, that's why.

Oo oo oo ooh,
I'm waiting for you,
I'm waiting for you.

(I said)Oo oo oo ooh,
I'm waiting for you,
I'm waiting for you.
