

Castaway

Chromium

Ah, Jim 1 to First control,
Ah Report: Negative
We have found no survivors
We are abandoning the search

Sailing on a silver way
On our way back home again
Teaming off, merrily
We're so far behind

Each has got their warp to part
Memories that linger on
Tears on Earth so long ago
Of feelings I've tried not to show

Now that we are Castaways
Castaway, Castaway

Everyday, I searched the stars
But in my heart I realized
I may never see your face,
I'm just a Castaway, Castaway

Castaway, Castaway (Stop! Realize!)
Castaway

Castaway, On a distant star
Castaway, Don't know where we are
Castaway

Castaway, Castaway

Castaway, On a distant star
Castaway, Don't know where we are
Castaway

Castaway, Castaway
Castaway, Castaway
Castaway, On a distant star
Castaway, Don't know where we are
