

# Shellshocked

Chronic Future

Lies won't save you from the bomb that you just dropped  
I'm standing shellshocked but I'm still here  
And this to you is what I'm saying  
All that's false will  
Fade away

You run away from what you know will surely come  
I will remember everything that you have done  
And this to you is what I'm saying  
All that's false will  
Fade away

I'll say it again because  
Who are you  
To say to me  
That I'm not all right  
You don't know it's like  
I'm shellshocked  
And ripped apart inside  
No I'm not all right  
You don't know what it's like

Well yeah a change in character is great  
And if it's what you need to say  
It's probably what I need to hear  
But never again in that way

I don't care what I'm doing that turning you off of me  
It's my care for pursuing our friendship responsibly  
That means I need to reconstruct what happens subconsciously  
So we don't continue to treat our silence so obnoxiously

Lies won't save you from the bomb that you just dropped  
I'm standing shellshocked but I'm still here  
And this to you is what I'm saying  
All that's false will  
Fade away
