They will see  
When it comes to light  
That Jah love is shining day and night, well  
They will see when it comes to light  
Have no fear and know that everything is gonna be alright

Love is my destiny  
Love is my destiny

They will see  
When it comes to light  
That Jah love is shining day and night well  
They will see when it comes to light  
Have no fear and know that everything is gonna be alright  
Have no fear and know that everything is gonna be alright

Don't let them take you from your mission  
Don't let them change your vision of love

Love is my destiny  
Keep it  
Keep it moving  
Well  
Love is my destiny
