

# I Know Love

Chronixx

In the beginning  
According to the old book say  
There was nothing  
Then the great spirit came down  
And said it, let there be  
And there was  
That's how it all began, yeah  
Yet still we ask  
Where did the universe come from?  
Everything in existence  
From the sky to the depths of the ocean  
Every shape, every colour, every pigment  
Every sound and every vibration  
This old earth, the solar system  
Everything you hold so sacred  
By the hands of lord we were [?] created

And I know love  
Lifted me  
And I know Jah Jah, yeah  
Set me free  
Love break the chains, yes  
Set the captives free  
Love break the chains  
Set the captives free

Wa da da da da da da da

So if there was nothing  
Whose voice it was that said let there be light?  
Who seperated the day from the night?  
Created me, created you?  
I believe it was love, oh yes  
Still we want to know  
Where did the universe come from?  
Everything in existence  
All yuh temples, yuh mosque and yuh churches  
All the saints and the gods that we worship  
The holiest of writings  
The thunder and the lightning  
Everything you hold so sacred  
By the hands it flowed, it was created

So I know love, yeah, yeah, yeah  
Lifted me  
And I know Jah Jah, yeah yeah  
Set me free  
Love breaks the chains  
Love breaks the chains  
Set the captives free, yes  
Love breaks the chains  
Set the captives free

Call it what you may  
L-O-V-E can be found in you (can be found in you)  
And its all over me  
Jah is love no matter the name

It's one and the same
