Chronixx

Keep on rising to the top now
Keep on rising to the top

Keep on rising to the top now
Keep on rising to the top

Keep on rising to the top now
Keep on rising to the top

'Cause there's a burning fire in your heart yea
Fight with everything you got

They know they're afraid of us
Oo
There's levels to greatness
Oo
When you feel you're in darkness
Oo
Just remember Jah light is shining

We got to keep on rising to the top now
Keep on rising to the top
There's a burning fire in your heart yea
Fight with everything you got

We got to keep on rising to the top yea
Keep on rising to the top

Jah jah gave us the heart of a lion
He will never let fear hold us back
No way

'Cause all we need
Is love
And peace
Were strong
And free
Jah made us all
Complete
