

Let's Groove

Chronixx

Oooooo Yeah-ey Yeah-ey

I'm ready to dance
And I'm ready to prance
And I'm ready to enjoy myself
But I can't right now
Because the place lock down
Keepin' a party wouldn't be the best
Standin' on a shop corner
I sight up a nice daughter
Movin' to the beat of the shop sound box
And I ask her to dance with me

My baby let's groove
Girl you got me in the mood
Don't be shy
We could have it, just one night
My baby let's groove
Girl you got me in the mood
Don't be shy
We could have it, just one night

Oooooo-yeah
Selecta please put on some Beres Hammond and just
Mek we hold a vibes
I know we just met and right now we a sweat but the
Vibes feel very right
Cuz nothin' nah gwan and no vibes nuh keep
Down inna mi yard just a quarantine
Wonderin' when the whole place will be free
And where we a go a party

Baby let's groove
Girl you got me in the mood
Don't be shy
We could have it, just one night, oooo-yeah
Baby let's groove
Girl you got me in the mood, oh mood
Don't be shy
We could have it, just one night
So

Don't forget all the niceness
The niceness in the party
The fun times we would have together
When we were with our families
Let's Groove!
Let's Groove!
Let's Groove!
Whoa, groove

My baby let's groove
Girl you got me in the mood
Don't be shy
We could have it, just one night
My baby let's groove
Girl you got me in the mood

Don't be shy
We could have it, just one night

So good
