

# Loneliness

Chronixx

There she go, gone again  
Natty dread is a lonely man

When you deh ya is an issue, don't?  
When you gone, girl mi miss ya though  
We both know that we need our space, baby  
My mind wanna be alone  
My heart wanna be ya own  
Can't live without you no way

Every time I play tough and walk away  
I find I need you here to fill up this empty space  
Oh baby

Loneliness, taking over me when you gone, oh darling  
Loneliness everyday  
Loneliness taking over me when you gone, oh baby  
Loneliness can't stay away

And I don't wanna be lonely  
Don't wanna be, la la la a la la la  
I don't wanna be lonely  
Ease out

When you call man a gwaan like  
Like everything alright  
Deep down I know I wanna see your face, baby  
Every mind need them space  
And every heart needs embrace  
Not tryna leave you no way

Every time that I surrender to you  
I start to miss the feeling of feeling blue

Loneliness taking over me when you gone, oh darling  
Loneliness everyday  
Loneliness taking over me when you gone, oh baby  
Loneliness, loneliness

You reserve the key to my heart
