Chronixx

Jah know I overstand how yuh feel
And mi nah talk yuh buisness and
Tell me how yuh fall in love an guh
End up head ova heels and fuck
The friendship I told u fame was
Nothing to play wid it seems like pain
Was always your favorite suh when
Yuh finger mash doh cry an guh

In me ain't no starting over no no no
And when mi fly guh a a foreign
Forward home too yo girl you
Say youre feeling pain well the
Feeling is so mutual how come love so
Brutal whoah! here comes the
Rain on your parade girl drippin
In the moon light only hope you knew the
Things that love can do you took the keys and
Let out the beast and forget the
Warning an memba yuh tell mi seh a
Loving yuh need so a loving yuh

Sleeping lion is nothing to play with

Knock yuh down leaving u broken
And your hearth floating

Woman a goddess an a man is a man together through
The fire keepin your hand in my hand say

On your parade girl drippin in the moonlight
