

The Jet

Chubby Checker

Take off, it's the jet

You did the boogie and you did the twist
Here's the latest and the greatest and it goes like this
The jet, the jet
But that's [?] yet, the jet
Yeah, you better do it and do it right
'Cause it takes you and it shakes you till you're out of sight
The jet, wow, the jet
But that's [?] yet, the jet

You can fly so high
You can fly to the sky

Yeah, come on baby and vibe with me
Keep a-moving and a-grooving like it's meant to be
The jet, wow, the jet
Yeah, but that's [?] yet, the jet, jet, jet

Fly so high
You can fly to the sky

Yeah, come on baby and vibe with me
Keep a-moving and a-grooving like it's meant to be
The jet, wow, the jet
Yeah, but that's [?] yet, the jet
[?] yet, the jet
Blast off, it's the jet
