

## Why Should We End This Way

Chuck Berry

If I should lose you it would hurt so bad  
You are the only love that I've had  
Tell me why  
Why should it end this way  
You know it hurts me deep in my heart  
To know that we are drifting apart  
Tell me why  
Why should it end this way  
Yes, I could scream, I want you to know  
It'll hurt me so bad if you should go  
Tell me why  
Why should it end this way
