

Baby, I'll Get It

Chuck Jackson

You know I'll get it
We're like two pieces cut from the same cloth
I don't know where you begin or where I leave off
Why do you ask where your future lies?
Girl, can't you see it in my eyes?

And if there's anything you want
If there's anything you want
If there's anything you want, baby, I'll get it

You know, Moses walked the water, Columbus sailed the sea
Moses did it for his people, Columbus did it for his crew
But those people meant no more to them than you mean to me

And baby, anything you want
If there's anything you want
If there's anything you want, baby, I'll get it

Baby, I'll get it; baby, I'll get it; baby, I'll get it
You know I'll get it

Believe me, girl, I understand how you feel
'Cause in this day and age, it's hard to find someone for real
But I'm the one who loves you
Don't you know I really, really do

And if there's anything you want
If there's anything you want
Oh, anything you want, 'cause I love you
(Anything you want) You deserve (Baby, I'll get it) Just name i
t
(Baby, I'll get it) I'll get it
(Anything you want) Because I love you
(Anything you want)
