

## Is There Anything Love Can't Do

Chuck Jackson

Is there anything that love can't do?  
Is there anything that love can't do?

You came into my life  
At such a bad time  
Lonely than the lonely  
Not one friend had I  
I loved you then but girl I didn't know it  
You were sure of your love and you never failed to show it  
It seems every time I fall down and try to get up  
Girl you wouldn't let, I was saved by your love

Is there anything that love can't do?  
Is there anything that love can't do?

I attempt things I've never done before  
I built my future once, and love locked the door  
You see, love works girl in the strangest kind of ways

Don't you see in me all the strength you gave?

So tell me tell me  
Is there anything  
Tell me tell me  
Is there anything

It seems that every time I fall down and try to get up  
Girl you wouldn't let me, I was saved by your love

So tell me tell me  
Is there anything  
Tell me tell me  
Is there anything

Is there anything that love can't do?  
Is there anything that love can't do?  
Oh baby  
Is there anything that love can't do?  
Is there anything that love can't do?  
Is there anything that love can't do?
