

Bobby Fuller Died for Your Sins

Chuck Prophet

Cruising through El Paso, carrying a heavy load
Bobby Fuller died for your sins
And a cop shoots a kid on a hot summer morn
Bobby Fuller died for your sins
I could be anywhere when I hear that sound
Take me back, pretty baby
Oh your daddy, he's so alone
I hear the record crackle, the needle skips and jumps
Bobby Fuller died for your sins
And I ain't never seen a movie that moved me half as much
Bobby Fuller died for your sins
I could be anywhere when I hear that sound
Take me back, pretty baby
Oh your daddy, he's so alone
Together we stand, divided we fall

Bobby Fuller died for your sins
And I wish my little sister she could be here now
Bobby Fuller died for your sins
They say that someone's gonna have to pay the price of love
Bobby Fuller died for your sins
I don't know why they gotta pay it or who they gotta pay it to,
but
Bobby Fuller died for your sins
I could be anywhere when I hear that sound
Take me back, pretty baby
Oh your daddy, he's so alone
Bobby Fuller died for your sins
Bobby Fuller died for your sins
Bobby Fuller died for your sins
Bobby Fuller died for your sins
