

# You've Got Me Where You Want Me

Chuck Prophet

You've got me where you want me  
You've got me where you want me  
You've got me where you want me  
You know you do  
There's winners and there's losers  
And I'm caught between the two  
I tried to fight it  
But I lost to you  
You've got me where you want me  
You've got me where you want me  
You've got me where you want me  
You know you do

Like rain down to the ocean  
I answer to the Moon  
I tried to fight it  
But I lost to you  
You've got me where you want me  
You've got me where you want me  
You've got me where you want me  
You know you do  
(You've got me doing things I've never done before  
Feeling things I've never felt before  
You've got me where you want me)
