

Landsick

Chuck Ragan

I found myself on mountains, over blue seas
Far 'bove chaotic dwellings, in the clouds to freeze

All I want
Is to cure this landsickness in me
All I need
Is moving water, set me free

I found myself in a hurry, dead to the bone
Saturated and worried, foul hooked and thrown

All I want
Is to cure this landsickness in me
All I need
Is moving water, set me free

Ohhhh, me free...

I lost myself in currents, away from home
Running in rapid water, adrift alone

All I want
Is to cure this landsickness in me
All I need
Is moving water, set me free

All I want
Is to cure this landsickness in me
All I need
Is moving water, set me free
