

# Always

Chuck Wicks

They say I don't want nothing but you babe  
I play it down cause it's true  
Yeah  
My minds been thinking bout always  
Lately I've been that guy going crazy  
Pacing and patiently waiting  
Ready to ask you for always

I need you babe  
Call me crazy  
When I know Yes I know yes I know  
This feeling will stay  
Always

Tell me I'm not alone down on one knee  
And you want us to be complete  
Wrapped in forever for always

I need you babe  
Call me crazy  
When I know yes I know yes I know  
This feeling will stay  
Always

So won't you save me  
Don't say baby you know yes you know  
You feel the same  
Yeah

I need you babe  
Call me crazy  
When I know yes I know yes I know  
This feeling will stay  
Always  
Always

They say I don't want nothing but you babe  
I play it down cause it's true
