

# Fell For You

Chuck Wicks

The north Georgia pines  
Are covered in snow  
And it's that time of year  
Seein' lovers under mistletoe  
And, never thought I'd be the one  
To be the one to find someone  
That would wear that halo right  
Yeah, just like you do tonight

So as the snow keeps fallin'  
I keep fallin' for you  
And as that fire keeps burnin'  
It seems to be workin'  
Like the flame that we're makin', babe  
Gets higher, too  
Got ev'rything  
That I want  
And all I want  
Has finally come true  
Yeah, cuz this Christmas is the Christmas that I  
Fell for you

Hmmm  
Your jacket 'round my shoulders  
Don't feel no kind of chill  
Let the night get colder, babe  
'Cuz with you I never will  
I never thought I'd be the one  
To find someone  
That makes me feel just like this  
As you lean in for that kiss

As the snow keeps fallin'  
I keep fallin' for you, hmm  
As that fire keeps burnin'  
Seems to be workin'  
Like the flame that we're makin', baby  
Gets higher, too  
Got ev'rything  
That I want  
And all I want  
Has finally come true  
Cuz this Christmas is the Christmas that I  
Fell for you

So go ahead and put all the gifts  
Underneath that tree  
But this Christmas, babe  
All I'm unwrappin' is  
Right in front of me

So as the snow keeps fallin'  
I keep fallin' for you  
I'm falling for you  
As that fire keeps burnin'  
It seems to be workin'  
Like the flame that we're makin', babe

Gets higher, too  
Got ev'rything  
That I want  
And all I want  
Has finally come true  
Cuz this Christmas is the Christmas that I  
Fell for you  
Hmm, I fell for you  
My baby

Oh, jingle bell, jingle bell, jingle all night  
I'm dreamin' of a white, white Christmas  
Just you and me, baby  
Ooh, ooh  
Merry Christmas, baby
