

Tell Me

Chuck Wicks

I know it's late but babe
I gotta see you now, gotta see you now
I'm on my way and there's
no turning back now, turning back now
So tell me, do you think about me?
Did I leave a mark on your mind?
Just tell me, should I be coming over?
I don't wanna waste your time.

If you want we can take this fast
Down a road and where we don't look back
Name anything you're looking for and I'll just give you more
If you want we can get away
Feel the sunshine on our face
When we get there we'll never leave
Oh tell me, tell me
Tell me that you want it; tell me that you want it
Oh tell me that you want it, tell me that you want it

I know the way you get, but I won't let you break
I won't let you break
I say we take this chance, yeah, no need to wait
No need to wait
So tell me, do you think about me?
Cause you're the only thing
The only thing on my mind

If you want we can take this fast
Down a road and where we don't look back
Name anything you're looking for and I'll just give you more
If you want we can get away
Feel the sunshine on our face
When we get there we'll never leave
Oh tell me, tell me
Tell me that you want it; tell me that you want it
Oh tell me that you want it, tell me that you want it

So tell me, do you think about me? Baby.
Yeah tell me should I be coming over?
Tell me, tell me

If you want we can take this fast
Down a road and where we don't look back
Name anything you're looking for and I'll just give you more
If you want we can get away
Feel the sunshine on our face
When we get there we'll never leave
Oh tell me, tell me
Tell me that you want it; tell me that you want it
Oh tell me that you want it, tell me that you want it

I know it's late but babe I gotta see you now
Gotta see you now
