

## Storm

Chumbawamba

There's a storm  
In every port  
There's a storm

There's a storm  
In every port

In Liverpool or South Georgia  
Listen to the words of a bribed reporter

Propaganda keeps us dumb  
Believing all the shit that we read in The Sun

There's a storm  
In every port  
There's a storm

There's a storm  
In every port

People die  
We don't ask why  
We're passive and we're happy  
And we're fed on lies

We have to try!

There's a storm  
In every port  
There's a storm

There's a storm  
In every port

Yeah...
