

Loyal

Chung Ha

I can be a nightmare in a black dress
Out of the blue, just to touch you like no one else
I can act indifferent when I'm obsessed
But I swear my love goes to the end

Always felt like I
I gotta run away from love
Is there anybody who
Can make me trust? Make me trust

I need somebody loyal
I need someone to stick with me through hell
I need somebody loyal
Someone with good intentions, so wish me well
I need somebody loyal, loyal, loyal
Loyal, loyal, loyal
Somebody loyal, loyal, loyal
Loyal, loyal, loyal

I can be a little moody in the morning (Morning)
When we fight, I'll snap out, I will tell you that you're the w
orst
Trust me I know I'm a little broken (Yeah)
If you stay, I swear I won't back out

Always felt like I
I gotta run away from love
Is there anybody who
Can make me trust? Make me trust

I need somebody loyal (No)
I need someone to stick with me through hell
I need somebody loyal
Someone with good intentions, so wish me well
I need somebody loyal, loyal, loyal (Ah, ah)
Loyal, loyal, loyal (Ah, ah, ah)
Somebody loyal, loyal, loyal (Ah-ah, ah, ah-ah, ah-ah)
Loyal, loyal, loyal

Loyal, loyal, loyal
Somebody loyal, ah-ah-ah
Ah-ah, ah-ah
Somebody loyal, somebody loyal, somebody loyal
Yeah
