

Every Moment

Chunk! No, Captain Chunk!

Am I afraid
Of all the things that I can't change?
No one's to blame
When all my weaknesses remain
We're all the same

Don't let me sink
Before I get to find the words and I'm forgotten
Don't let me blink
I wanna savour every moment

Tell me if you ever wake up thinking
If you ever wondered how it feels
Knowing it could end and there will come a time
When it's too late to say goodbye
Say goodbye

Can't lie awake
Can't live in fear of what's ahead
So now I'll take
Every chance until the end
(Until the End)

Don't let me sink
Before I get to find the words and I'm forgotten
Don't let me blink
I wanna savour every moment

Tell me if you ever wake up thinking
If you ever wondered how it feels
Knowing it could end and there will come a time
When it's too late to say goodbye

So let's just do it
Let's make it happen
This might be your last chance
So do it before it's too late

Push yourself to the limit
Drop your doubts
Take control of your life

Don't let me sink
Before I get to find the words and I'm forgotten
Don't let me blink
I wanna savour every moment

Tell me if you ever wake up thinking
If you ever wondered how it feels
Knowing it could end and there will come a time
When it's too late to say goodbye
Say goodbye
