

## True Colors

Chunk! No, Captain Chunk!

Disconnect  
Use me 'til there's nothing left  
Empty but still  
Capable of seeing every one of your true colors  
Reconnecting myself to better situations  
Crawling in my skin really caused me some complications

Oh I really didn't think I'd make it  
Most days I've found  
Heavy's the head that wears the crown  
No I really didn't think I'd figure it out  
Most days I've found  
Heavy's the head that wears the crown

When it rains it pours  
So open up your floodgates  
It all comes around it all comes around  
When it rains it pours  
It will leave you wanting more  
It all comes around it all comes around  
Heavy's the head that wears the crown

Can't control your reactions  
When everyone hears your confessions  
'Do as I say not as I do'  
Always playing me the fool  
You act like you don't move like a snake  
Selling lies door to door  
Every inch of you screams I'm fake  
Fake! You are fake

Your past will find way to catch up to you somehow  
Your past always finds a way to catch up to you somehow  
So don't consider yourself any type of role model  
The first sign of smoke you'll be the first to run

Selfish to the core  
Always wanting more

Stepping on anyone in your way  
'Cause that's who you are  
Oh I really didn't think I'd make it  
Most days I've found  
Heavy's the head that wears the crown  
No I really didn't think I'd figure it out  
Most days I've found  
Heavy's the head that wears the crown

When it rains it pours  
So open up your floodgates  
It all comes around it all comes around  
When it rains it pours  
It will leave you wanting more  
It all comes around it all comes around  
Heavy's the head that wears the crown
