Blue

Cian Ducrot

Don't think, just for a moment
Just feel all the emotions
I'm here, hope that you know it
Just know that I'm still holding on
Don't think, that you are crazy
You're only beautiful baby
You're, beautiful baby, you're

So when it comes just know that I'll be here
And when you fall, just know that I'll be near
When it all turns blue
I'll be all for you

I don't wanna be the one to let you slip away into the darkness
To see you broken-hearted
Sometimes I don't know how hard it is
I know you don't wanna be the one to ever let me see you hurtin
g
You're scared that if I saw it
I'd think that you're a burden

Hold on tight when you feel it
I know it's hard to believe but
I see just how much you're hurting
Wish I could take it all away
You know that you'll never hurt me
Cause you'll always beautiful baby
You're, beautiful baby, you're

So when it comes just know that I'll be here
And when you fall, just know that I'll be near
When it all turns blue
I'll be all for you

I don't wanna be the one to let you slip away into the darkness
To see you broken-hearted
Sometimes I don't know how hard it is
I know you don't wanna be the one to ever let me see you hurtin
g
You're scared that if I saw it
I'd think that you're a burden
