

2 in Luv

Ciara

I'm too in love
Never giving up
I'm too in love
Never giving up
Bop

Sitting up in my room, just waiting for you to text me
Bop
Even when I'm mad at you I'm thinking, "Why you so sexy?"
Bop
It's getting heavy
Bop
I ain't ready
Bop
To forgive you but I don't want you gone
Bop
Cruising all through the city, just been listening to music
Bop
Finger on ya number but I don't wanna use it
Bop
I'm refusing
Bop
Know it's foolish
Bop
I'm waiting for you to admit you was wrong

Feelings
Stuck in my feelings
I try to forget why I'm being so petty
And this isn't even that heavy

'Cause I don't know
What this world's gonna be
But I know one thing
You're the one for me
Right now I'm too in love
I'm too in love
I'm never giving up
Never giving up
Right now I'm too in love
I'm too in love
Never giving up
Right now I'm too in love
Bop

Laying right next to you, I really want you to hold me
Bop
Say that you love me too, but babe, I need you to show me
Bop
Babe, you know me
Bop
When I'm lonely
Bop
I just wanna be where ever you are
Bop
Say that we're never leaving, so I know this ain't over
Bop

Get up up out your head, come put your hand on my shoulder
Bop
Pull me closer
Bop
Let's start over
Bop
It should be simple, why we making this hard?

Reasons
So many
So many reasons
So many reasons
For us to hold on and keep this thing together
It can't be an end in forever

'Cause I don't know
What this world's gonna be
But I know one thing
You're the one for me
Right now I'm too in love

I'm too in love
I'm never giving up
Never giving up
Right now I'm too in love
I'm too in love
Never giving up
Right now, I'm too in love

Ooh
Ha
Ha ha ha ha ha ha
Bop
