They be trying to press you
But you ain't pressed on it

I'm way to fine to be inside, I'm outside
Having my own shit!
Booking my own trips
Don't ever let him disrespect you and call you out your name
You'll have these boys obsessed
They can't stop mentioning your name (boy stop)
I'm bad, I'm gorgeous, I'm very important
How you calling me a snack
You know I'm seven courses

All of our check got four commas
Running this thing for more summers
Designer my clothes
The cover of Vogue
I wanted some flowers
Mr. Wilson pulled up in a Rolls (skurt)
Pulled off in a ghost
When I post up my pic they say goals
Money long, weave to, girls love girls, of course we do
