

Dance With Me

Ciara

Come dance with me, love
Catch it when I throw it right back
Don't be slow to react
Come dance with me, love
Stick to my body like a tat
Do it just like that
Come dance with me, love
Come dance with me, baby
Hold on, don't be lazy
Catch it when I throw it all back
Don't be slow to react
Come dance with me, love

Baby, pop it and make it jump
Yeah, nights like this was made for fun
You in first place, never second to none
And a body like a blessing, they ain't getting none
You a real life verse, what I asked for
Can't be greedy, I'll be satisfied I got more
Bad to the core, for you I'll go to war
On the run for it, hold me for sure
Can we make it last? Prada full of cash
We be getting nasty, bubble in the bath
Champagne glasses, kiss and laugh
Add you to my life, that's perfect math
Come dance with me, dance with me
You making plans with me, plans with me
Throw these bands with me, bands with me
Take this ring, hold hands with me

Come dance with me, love
Catch it when I throw it right back
Don't be slow to react
Come dance with me, love
Stick to my body like a tat
Do it just like that
Come dance with me, love
Come dance with me, baby
Hold on, don't be lazy
Catch it when I throw it all back
Don't be slow to react
Come dance with me, love

Ooh
Oh, it's a vibe in here tonight, I'm all on you
I got a whole lotta body for you to hold on to
Push up because I really like that, baby
You know you on the right track, baby, ooh

(Ooh, ooh) Tell me, can your body talk?
(Ooh, ooh) Kill it then outline in chalk
(Ooh, ooh) Show me how that body moves
(Ooh, ooh) You know what I want you to do

Come dance with me, love
Catch it when I throw it right back
Don't be slow to react

Come dance with me, love
Stick to my body like a tat
Do it just like that
Come dance with me, love
Come dance with me, baby
Hold on, don't be lazy
Catch it when I throw it all back
Don't be slow to react
Come dance with me, love
