

Like a Surgeon

Ciara

Head back eyes close
Deep breath let it go
Bare with me I'll take good care
I'm an expert other girls just can't compare
I'm highly recommended
Don't need a second opinion
You'll be all better baby once I'm finished
So be a good patient be patient
Stay under my observation
And holla back in the morning

I know you never had a girl quite like me (uh) me (uh) me (uh) meee
I take a hot boy(oy) and give him cold feet (uh) feet (uh) feet

R: When it comes to love I'm like a surgeon I'm a true technician

Everytime my body pumps (uh huh uh huh)

My Loves like anesthesia I'll rock you fast to sleep

Lay yo head back on that pillow and relax yo mind

Check check calling patient patient patient number one
Make sure that you sign out sign out out when your done
Make sure you grab a sucker on the way and out the door
And make your next appointment and come back and get some more

Now that you learned
You'll be so glad you returned
Open up yo mouth
Let me check you out
My ears will be your stethoscope
We'll fill your Vidal signs
Make sure your heart beats like mine

But you need a physical one more time
