Trust Myself

Ciara

So let my lips say what they want to say
And let my hips move how they want to move
Let my hands do what they wanna do
I don't trust myself around you
It's like my body got a mind of its own
One touch and I'm begging for two
Strung out and I don't know what to do
I don't trust myself around you

We can chill, we can chill, we can lie together
Tell me your fantasy and we'll do that together
Pull my hair, love me good, and I'll be bad forever
With you, with you, you, you
You the man, you the man, baby, let me tell you
Hit me up when you can, you know I don't get jealous
Breathe me in, oxygen, turning up a level
With you, with you, you, you

I try to contain it but I can't explain it, I'm feeling so crazy
I try to be sane but your kiss got me faded, I'm drunk off you, baby
I don't trust myself with you

So let my lips say what they want to say
And let my hips move how they want to move
Let my hands do what they wanna do
I don't trust myself around you
It's like my body got a mind of its own
One touch and I'm begging for two
Strung out and I don't know what to do
I don't trust myself around you

What you need? What you like? Boy, I got it covered
Say my name, wear it out, baby, don't you stutter
Layin' up, layin' low, layin' under covers
With you, with you, you, you
In the mood, in the mood to spice it up a little
Ride slow, you know I got these tints all on my window (Ayy)
Roleplay, roleplay, I'll be Super woman for you, for you, you, you

I try to contain it but I can't explain it, I'm feeling so crazy (Oh yeah)
I try to be sane but your kiss got me faded, I'm drunk off you, baby
I don't trust myself with you

So let my lips say what they want to say
And let my hips move how they want to move
Let my hands do what they wanna do
I don't trust myself around you
It's like my body got a mind of its own
One touch and I'm begging for two
Strung out and I don't know what to do
I don't trust myself around you

I never had this feeling (Yeah)
For you, I'm something different (Yeah)
Don't stop right there, I love
What you're doin' to me, doin' to me, yeah
This thing right here the realest (Yeah)

We know our love is endless (Yeah)
Keep it right there, I love
What you're doin' to me, doin' to me, yeah

So let my lips say what they want to say (They say)
And let my hips move how they want to move (They move)
Let my hands do what they wanna do
I don't trust myself around you
It's like my body got a mind of its own (Its own)
One touch and I'm begging for two (For two)
Strung out and I don't know what to do
I don't trust myself around you

I don't trust myself around you
I don't trust myself around you
