

Turn It Up

Ciara

Yeah.

Yeah, yeah.

It's home, we're all right here. A time.

I like this. You know I like this.

CC, come to me.

I want it hot, I want it loud. Make it loud, make it loud.

Make it boom boom; m-m-make it boom boom.

The speakers loud, making rumble

Turn this club into a jung - turn-turn this club into a jung -

T-turn this club into a jungle, jungle

And everybody knows it's on tonight

Beat's like it's strong; it feels so right.

Feel like I'm alone here in a crowd, just me and my song.

Let's bring 'em down.

I love it loud, can you turn it up? Hey, hey,

Those speakers out, will we turn it up?

Hey, hey, turn it so loud, you can raise the dead,

Hey, hey

Brings them out of the grave.

Turn it up, turn it up, turn it up, up, up.

Turn it up, turn it up, turn it up, up, up.

Turn it up, turn it up, turn it up, up, up.

Turn it up, up, up. Turn it up, up, up.

Oh shit, baby

Put it up, turn it up.

Let go, I know you want to

I want to see you move it, move it

Take it up, shake it up,

I can't help myself, I want you.

That-that booty on me, on me, me.

Ohhh... Everybody know what's on tonight.

The beats like it's strong; it feels so right

Feel like I'm alone here in this crowd,

Just me and my song.

Let's bring it up (turn it up)

I love it loud, can you turn it up?

Hey, hey

Those speakers sound when we turn it up.

(Turn me up)

Turn it so loud, we can raise the dead

(Raise the dead)

Brings them out of the grave.

Turn it up, turn it up, turn it up, up, up.

Turn it up, turn it up, turn it up, up, up.

Turn it up, turn it up, turn it up, up, up.

Turn it up, up, up. Turn it up, up, up.

I turn it up to the beat song; I make it hot like a beat, y'all.

You see that booty she movin'? I like the way when you mouth try

Oooh don't stop, stop, keep it up.

I think I'm falling in love.

I'm getting ready to

Slow down.

I love it loud, can you turn it up?

Those speakers sound when we turn it up.

(I love this music loud, baby.)

Turn it so loud we can raise the dead,

Hey, hey, raise them out of the grave.

Turn it up, turn it up, turn it up, up, up.

Oh let's turn it up, turn it up, turn it up, up, up.

Turn it up, turn it up, turn it up, up, up.

Turn it up, up, up. Turn it up, up, up.

(Yeah man)

Hmm.
