

Type A Party

Ciara

Do what I want to
This my party, I can go if I want to
This my party, I can drink if I want to
Love who I want to, call who I want to
This my party, I can block who I want to
This my party, I can dance if I want to
This my party, I'll invite who I want to
Post if I want to

This that type a party
If you wanna get in, then you gotta know somebody
To get in the crib, it's a room full of hotties
A room full of bodies and everybody been drinking

This that type a party
That's up on a weekday, you be mad if you missed it
'Cause it ain't on replay, lit off of ya playlist
'Cause it ain't no DJ, celebratin' a b'day
This that type a party

Whole 'lotta girls, whole 'lotta guys
Shawty gonna bust it, bust it, piñata style
And we ain't got dressed up just for nothing
All this drip, you know we doing something
We planned to have a crazy night
Leave whoever you know ain't acting right
Tell ya girlfriend, tell ya boyfriend
Don't be acting all annoying

So tell me that you with your friends (Tell me)
Without telling me you with your friends (Tell me)
Like if tonight you had too much of something
Don't you worry, we got extra beds
So tell me that you having fun (Tell me)
Without telling me you having fun (Tell me)
That Ten To One has got you talking
Got you saying that you found the one

This that type a party

Turn the house to an amusement park or we can
