

Designed For Disaster

Ciaran Lavery

Was it a dream I had?
Was it a dream I had?
Was it a dream I had?
Was it a dream I had?

Was it a dream I had?
Was it a dream I had?
Was it a dream I had?
Was it a dream I had?

How many words can I get away without saying here
And still make you feel I'm opening up?
I could repeat myself so to make you feel like it's enough

It's too late
Too late
To ask for an answer
It's too late
Too late
Designed for disaster

How many words can I get away without saying here
And still make you feel it isn't fucked?
I could release myself
So to make you feel like it's enough

It's too late
Too late
To ask for an answer
It's too late
Too late
Designed for disaster

Was it a dream I had?
Was it a dream I had?
Was it a dream I had?
Was it a dream I had?

I'm a dog I'm a dog I'm a dog I'm a dog for you
And I'm pissing on your rug
Sending late late late late late night messages because I am your dog

Was it a dream I had?
Was it a dream I had?
Was it a dream I had?
Was it a dream I had?

Was it a dream I had?
Was it a dream I had?
Was it a dream I had?
Was it a dream I had?
