

Déjà Vu

Cibo Matto

Sorry now I'm a sailer
Into the water
Give me a dollar
Pass the sea of (Hora?)
Don't close your eyes from fear
Don't close your eyes

Sorry then you'll wonder how you can enter
Give me a dollar, I'll give you a key to the door
Don't close your eyes from fear
(Don't close your eyes)

Chorus 1:

[

Deja vu
Deja vu
Deja vu
Don't you wanna see

Deja vu
Deja vu
Deja vu
Don't you want to freeze it

]

Remember you put numbers by the computer?
Give me a dollar
Hack the code of the numbers
You're so high I'm walking on air
(You're so high)

Remember you wonder how you're supposed to feel
Give me a dollar, I'll show you a hint of the answer
You're so high I'm walking on air
(You're so high)

(Chorus 1)

I had to (digitally modify?) my (Formazov?)
I was a (feeling lifted?) kind of
I read the last page of Nabokov
I fell asleep like black cat on my chair
Grandma next door had a cough
Did you hear some one yell turn it off?
All I could see was lights off
Expectations of humankind

Chorus 2:

[

Is it real or is it dream?
I want to move my world

Is it real or is it dream?

I want to move my world

Is it real or is it dream

Is it real or is it dream

Goddamn Deja Vu got me dizzy

Goddamn crazy life got me busy

The world is unfair it's so hazy

Smoke it like, crackle up, play some 50 cent

Shake me up, cos nothin' makes sense

Give it like, where's my sixth sense

Can you feel the sound of

Expectations of humankind

Chorus 2 (2x)

I wanna move my world

I wanna move my body

I wanna move... you!
