

Some of us sittin' on the fault lines
We feel like there's nothin' we can count on
Watchin' the clockwork of the sunrise
Tells me I still belong to someone

See, where I lay
Where I lay down
See, I'm awake
I'm awake now

Aurora
How you came in to waste me
Up from myself
Aurora
In the silence, I'm waitin'
For no one else, no one else, ah, ah, ah

Aurora, aurora
Aurora, aurora, ah, ah, ah
Aurora, aurora
Aurora, aurora, ah, ah, ah

It's a battleground around midnight
I wonder if she's gonna come again
And cover me in all her bright lights
But I don't know how I'm gonna wait till then

See, where I lay
Where I lay down
See, I'm awake
I'm awake now

Aurora
How you came in to waste me
Up from myself
Aurora
In the silence, I'm waitin'
For no one else, no one else, ah, ah, ah

Aurora, aurora
Aurora, aurora, ah, ah, ah
Aurora, aurora
Aurora, aurora, ah, ah, ah

Aurora
How you came in to waste me
Up from myself
Aurora
In the silence, I'm waitin'
For no one else, no one else, ah, ah, ah

Aurora, aurora
Aurora, aurora, ah, ah, ah
Aurora, aurora
Aurora, aurora, ah, ah, ah
