

# Blade

Cider Sky

Don't think of me at all  
My kisses burn your skin  
Don't wait for me to call  
In love I never win

When I hear your heartbeat  
I know that's my heartbeat  
I know that my force field  
Must be wearing thin  
Recognize the symptoms  
I'm losing my resistance  
Even though I know  
My touch is poisoning

Why do I do the things I do?  
I don't wanna lose you  
But in my arms you're never safe  
So hold me like a blade  
Why do I break the things I touch?  
Do I want them too much?  
Oh my love I know you're brave  
But hold me like a blade

Like water through your hands  
Like wound filled with salt  
It's just the way I am  
I swear it's not your fault

And when I hear your heartbeat  
I know that's my heartbeat  
I know that my force field  
Must be wearing thin  
Recognize the symptoms  
I'm losing my resistance  
Even though I know  
My touch is poisoning

Why do I do the things I do?  
I don't wanna lose you  
But in my arms you're never safe  
So hold me like a blade  
Why do I break the things I touch?  
Do I want them too much?  
Oh my love I know you're brave  
But hold me like a blade

Told him don't get too close  
I know that I'm hard to hold  
But people like me don't change  
So hold me like a blade  
Told him don't get too close  
I know that I'm hard to hold  
But people like me don't change  
So hold me like a blade

Told him don't get too close  
I know that I'm hard to hold

But people like me don't change  
So hold me like a blade  
Told him don't get too close  
I know that I'm hard to hold  
But people like me don't change  
So hold me like a blade
