Broke Us

Cierra Ramirez

Don't tell me that you wanna stay
If that ain't the truth
You just keep walkin' away
But I'm talkin' to you
This ain't the first time we hit a wall
But it's the first time you let me fall
Pick up the pieces all on my own
I say it's me just don't give up on us

Tell me did I make you wait too long
Tell me did I take it way too far
Tell me is there any coming back from this fuck up
'Cause I think I broke us
Yeah, I know I broke us

(Ooh, ooh)
I can see it in your face
(Ooh, ooh)
Can't take no more
(Ooh, ooh)
I can feel it in this space
(Ooh, ooh)
You're asking for it
This ain't the first time you let me draw
But it's the last night you let me cross

Tell me did I make you wait too long
Did you really have to take it this far
Tell me is there any coming back from this fuck up
'Cause I think I broke us
(I think I broke us)
Yeah, I know I broke us

Or, are you over it, over me, over us?
Then, I'm not over you, over me, over us
Or, are you over it, over me, over us?
I say it's me just don't give up on us

Tell me did I make you wait too long (Don't do it babe)
Tell me did I take it way too far
Tell me is there any coming back from this fuck up (Ooh)
'Cause I think I broke us (Baby)
(I think I broke us)
Yeah, I know I broke us
(I know I broke us)
