

Is It Bad

Cierra Ramirez

I pull you in and you push right back
I would say fuck it but you like that
You got a way of making me hate ya
I go insane but this is our game
Say I'm OK when you know I am sad
I pushed that button that you hated
Feel like we're strangers in the same bed
But your body type always makes me stay

You're my nightmare and a day-dream
You're a crime scene, I'm already in your bloodstream
You're like lighters to my ice cream, nothin' like me
But you like me

Is it bad that I want you?
I don't know what to do
(So tell me, oo, baby)
Oo, is it bad that I want you, ah?
I don't know what to do
(So tell me, oo, baby)
Is it bad?

Can't take you in, you never fight back
I fuckin' love it when you get mad
Throw me around like merry-go-round
Closing my mouth, I won't make a sound

You're my nightmare and a day-dream
You're a crime scene, I'm already in your bloodstream
You're like lighters to my ice cream, nothin' like me
But you like me

Is it bad that I want you?
I don't know what to do
(So tell me, oo, baby)
Oo, is it bad that I want you, ah?
I don't know what to do
(So tell me, oo, baby)
Is it bad, bad?
(Oo, baby)
Is it bad, bad?

You're my nightmare and a day-dream
You're a crime scene, I'm already in your bloodstream
You're like lighters to my ice cream, nothin' like me
But you like me

Is it bad that I want you?
I don't know what to do
(So tell me, oo, baby)
Oo, is it bad that I want you, ah?
I don't know what to do
(So tell me, oo, baby)
Is it bad? (Is it)
Is it bad? (Is it)
Bad, bad
Oo, baby

Is it bad?
