

Twisted

Cierra Ramirez

I know it's twisted, I know it's twisted, I know it's twisted
(H Money!)

You're bad for me but I'm balancing it though
I ain't runnin' from it, nah, I ain't runnin' from it though
I hate you so much
I cut you deep but you need me to sleep though
Stop lyin' to people, you'll come back to me, bro
No lyin'

Know exactly what we are
Just two bodies in the dark
There's no love for the broken ones
So I'm giving the worst of you the best of me
Beautiful insanity

I know it's twisted, I know it's twisted, I know it's twisted
Beautiful insanity
We stay lifted, we stay lifted, we stay lifted
Beautiful insanity

La-la-la-love, la-la-la-love, la-la-la-love, love
I'm gonna love you anyway
La-la-la-love, la-la-la-love, la-la-la-love, love
I'm gonna love you anyway
I know it's twisted, I know it's twisted, I know it's twisted
(Twisted)

Done some things I know you know
The better the bad that you know
But still you never get enough
We're devils dancing in the sun
You fucked me deep but I'm handlin' it though
I don't wanna let go, you don't wanna let go
No lyin'

Know exactly what we are
Just two bodies in the dark
There's no love for the broken ones
So I'm giving the worst of you the best of me
Beautiful insanity

I know it's twisted, I know it's twisted, I know it's twisted
Beautiful insanity
We stay lifted, we stay lifted, we stay lifted
Beautiful insanity

La-la-la-love, la-la-la-love, la-la-la-love, love
I'm gonna love you anyway
La-la-la-love, la-la-la-love, la-la-la-love, love
I'm gonna love you anyway

I know it's twisted, I know it's twisted, I know it's twisted
Beautiful insanity
We stay lifted, we stay lifted, we stay lifted
(Lifted)
