Cigarettes After Sex

Baby blue movie with always4tuesdays
And her love, Sarah, at Brooklyn House Hotel

I'm just a hurricane eye (Hurricane eye)
They're not a little too shy (Too shy)
Know how I wanted to sing (Wanted to sing)
Know how they wanted to sing (Wanted to sing)

Don't you understand
Don't you know the love that you want's all the love that you needed
Gave me all you had
Gave me all the love that you want, all the love that you needed

Baby blue movie with always4tuesdays
And her new bestie, perfectly sweet

I'm just a hurricane eye (Hurricane eye)
They're not a little too shy (Too shy)
Know how I wanted to sing (Wanted to sing)

Don't you understand
Don't you know the love that you want's all the love that you needed
Gave me all you had
Gave me all the love that you want, all the love that you needed

Don't you understand
