

## I'm a Firefighter

### Cigarettes After Sex

Baby I'm a firefighter trapped in a burning house in a silent picture  
& there is no way out except to watch the love between us die

That's called the Falling Angel  
It's an amusement park ride  
Some sort of rollercoaster  
It takes you up & when it brings you down it gives you butterflies

& now I'm longing for your kiss  
Bet you could read it on my lips

Waterfalls I'm jumping down

I know you're leaving baby  
The birds are flying south  
& there's nothing to say  
I need you here  
I need your love inside of mine like I could die
