

## Kiss It Off Me

Cigarettes After Sex

Saw you on the side of the road  
I could see you walkin' slow  
Drinkin' a Slurpee  
In a peach baseball cap  
Fallin' in my lap  
You were so thirsty

Could you love me instead  
Of all the boyfriends you got?  
Know I make you forget  
About all of those rich fuckboys

Kiss it off me  
If you're gonna break my heart  
This is a good start  
Kiss it off me

You always bite your lip  
When you're feelin' it  
As we move slowly  
And your peach baseball cap  
Is tossed under the rack  
Of clothes and your jewelry

And you're back for it  
In the morning again  
Before you go to the gym  
Said "It's a bad time" but you just can't quit

Kiss it off me  
If you're gonna break my heart  
This is a good start  
Kiss it off me

Kiss it off me  
If you're gonna break my heart  
This is a good start  
Kiss it off me  
If you're gonna break my heart  
This is a good start  
Kiss it off me
