

Pure

Cigarettes After Sex

When you walk in the room
In a white bodysuit
And I say, "Take it off"
Say it slow, me to watch

Man, it's pure
Only your love could get me to fall
Burn as deep, gets so hard
And it's so beautiful

And the TV is on
When we make love because
We get carried away
We don't care anyways

Man, it's pure
Only your love could get me to fall
Burn as deep, gets so hard
And it's so beautiful

Wrap your head in a towel
Put a watch, you let it down
And it's all soaking wet
As you take me in your mouth
And we stare at the street
From the back balcony
But now all I can say
Is you are the same for me

Man, it's pure
Only your love could get me to fall
Burn as deep, gets so hard
And it's so beautiful
