

# Help Me Jesus

Cilla Black

If I'm gonna tread the way, well I hope to do it right  
Yes, I'm a true believer in the light  
And If I go wrong and lose my way while I'm wanderin' in the ni  
ght  
May I come through to tell you it's alright (it's alright)

You gotta help me, Jesus  
Get me back on the ground (Help me, Jesus)  
You gotta help me, Jesus  
Get me back where I'm bound (Help me, Jesus)

With your love, ooh-ooh, ooh  
Lordy, with your love  
With your love, ooh-ooh, ooh  
Lordy, with your love

You've had it your way long enough  
But you didn't get much done  
Did you believe you could change things with a gun?  
Haven't you seen there's no way out  
And the least of us can't come  
We all got a friend who loves us, everyone (Everyone)

You gotta help me, Jesus  
Get me back on the ground (Help me, Jesus)  
You gotta help me, Jesus  
Get me back where I'm bound (Help me, Jesus)

With your love, ooh-ooh, ooh  
Lordy, with your love  
With your love, ooh-ooh, ooh  
Lordy, with your love

You gotta help me, Jesus  
Get me back on the ground (Help me, Jesus)  
You gotta help me, Jesus  
Get me back where I'm bound (Help me, Jesus)

Oh, you gotta help me, Jesus  
Get me back on the ground (Help me, Jesus)
