La-la-la-la-la, la, la  
La-la-la, la, la, la

I walked along the crowded street without a care  
The world's so full of people rushing everywhere  
And then I saw a face I thought I knew  
And as it came into view  
I couldn't take my eyes off you

You didn't even notice I was standing there  
So close to you but you just didn't seem to care  
I did not think to turn around and walk away  
But found that I had to stay  
I couldn't take my eyes off you

I couldn't take my eyes off  
You no matter how I tried  
I stood there watching you and tears  
Began to fill my eyes  
Seeing you with someone new  
Hurt me so much inside  
I could have died  
I couldn't take my eyes off you

You smiled at her the way you always smiled at me  
You took her in your arms and kissed her tenderly  
And then you walked away with her by your side  
While I just broke down and cried  
I couldn't believe my eyes  
Just wouldn't believe my eyes  
That's why I couldn't take my eyes off you
